

SOLD

#153 Placencia Rd

Price: SOLD

MLS Number: L4002

Location: Stann Creek District

Looking for a beautiful piece of land at an excellent price, then look no further!! This raw lagoon front parcel is one of the last remaining on the peninsula at this price! The lot measures approximately 85x150 ft and is located in the quiet Plantation area. The lot has been partially cleared so you can see that little fill is required to have this parcel ready to build. Please inquire about a recent quote we received to clear, fill and install septic. The Plantation area of the peninsula is known for its close proximity to all activities Belize has to offer including Maya temples, waterfalls, hiking, cave tubing, fishing, island hopping and more. This parcel is approximately 5 minutes to the closest restaurants and shopping. Call or email Jennifer Anderson-Westby for further information.
